## PRASHANTI HOSTED A WORKSHOP FOR MCH BREAST ONCOPLASTY STUDENTS AND DELEGATES FROM ALL OVER ASIA

The 2<sup>nd</sup> practical training workshop of the Masters in Breast Oncoplasty Program (UK) was conducted on the 23<sup>rd</sup>, 24<sup>th</sup> and 25<sup>th</sup> of March. This training program was jointly organised by University of East Anglia (UK) and Prashanti Cancer Care Mission. The training was imparted in the form of intensive surgical workshops with one on one interactions between mentors and peers. Various methods of practical training such as live mark-up models, surgical simulations on synthetic breast models, virtual video sessions and case-based discussion were employed for relevant learning. Eminent faculty from UK, Dr. Sameul Leinster, Dr. Zenon Rayter, Dr. Andrew Baildam and Dr. Jerome Pereira conducted the sessions along with renowned faculty from all across India. This will serve as a platform to network with key opinion leaders and like-minded peers from across the world. The current cohort have students enrolled from India, Sri Lanka and Indonesia have started the 2<sup>nd</sup> Module of the Mch Breast Oncoplasty.

IN THE MONTH OF MARCH WE WERE GLAD TO ASSIST PATIENTS WITH FREE AND MAJOR CONCESSIONS IN CHEMOTHERAPY AT OUR DAYCARE ALONG WITH SURGERIES AND RADIATION

CHOSEN TESTIMONIALS OF THE MONTH

Name: Mrs. Palak Nora

Diagnosis: Breast Cancer (Stage- II)

I Mrs. Palak Nora, was diagnosed of breast cancer and completed my treatment in Thane. After my treatment I was advised to take an injection for 5 years which is important at the same time very expensive. I visited Dr. Koppiker for 2<sup>nd</sup> opinion, he advised the same but with a helping hand, he told me, I could avail the medication free of cost through Prashanti Cancer Care Mission. Now I can take the injection without any mental or financial stress all thanks to Dr. Koppiker and Laleh Maam. A very special thanks to the whole team of Prashanti Cancer Care Mission for their warmth. Once again I would like to thank Dr. Koppiker and Laleh Maam for helping me.

Name: Mrs. Rehana Hajuri

Diagnosis: Bilateral Breast Cancer Stage III

I am Mrs. Hajuri Rehana, 49 year old housewife and was diagnosed with first stage bilateral breast cancer. I thank Laleh maam for helping me financially, I received my chemo cycles free of cost at Orchids Breast Health Clinic (Day Care). Everyone in the clinic were supportive, kind and caring, I would specially like to thank Dr. Koppiker for his advice, care and concern. I would once again like to thank Laleh Maam, Dr. Koppiker and their staff.

We would like to **THANK** our  
Donors & Supporters

Prashanti Cancer Care Mission  
Reaching out with excellence

Warm Regards,  
Ms. Laleh Busheri  
CEO
